MEMORANDUM/

Friendly greeting

We have informed the secretary office of the national intelligent committee reference message (30) dated 20030108 to all intelligent forces. The evil American authority stepped up their accusation of Iraq for the possibility of hiding chemical agents or biological labs on moveable trucks and trailers or inside containers. The American authorities are planning on bringing such trucks and containers into Iraq across the Iraqi borders or the boarder of the self ruled areas or smuggling areas to provide it to the weapon inspectors to be used against Iraq in order to launch their wicked invading on against our precious country.

The following procedures will be followed to prevent the evil American Authority from achieving their purpose:

1. Perform detailed inspection on all trucks and containers entering the country through the borders using the supervision of the intelligent agencies not working at the borders. Place more inspection points and provide them with all needed supplies.
2. Monitor all smuggling routes and increase patrolling areas and inform all organizational party and country agencies at areas inline with self ruled areas, Kuwaiti and Jordon borders and cease the entrance of all trucks through main and side roads leading to the self ruling areas during the next few months.
3. Country agencies that have open warehouses or containers, must inspect its contents to prevent any hostile act of accuse Iraq of storing forbidden agents. against these locations

Please, review and pass the information to all companions responsible for intelligent agencies at all counties to take proper precautions with best regards and long lasting struggle.
